

What to pack for your Erasmus in Olomouc?

- an internet cable and a switch (there is none to borrow in the dormitory and no wifi)
- warm clothes for winter (the average temperature in January is -3°C , but can also reach -12°C)
- a webcam for skypeing (calling from Czech to other countries may be expensive)
- a window cover for sleeping (there're no blinds on the windows in dorms, only plastic jalousie)
- a pair of comfortable shoes for traveling and for stone pavement in Olomouc
- some essential medicaments (it is easy to catch cold in winter)
- Czech dictionary
- maybe an extra phone for a Czech simcard (we will sell some simcards during Orientation week for the same price like in the shop)
- a bottle opener
- a shopping backpack (there is a Globus shopping center 15 minutes away from dorms, but no tram or bus going there)
- a camera
- a swimsuit and flipflops if you wish (trust us, there are also hot days in September and June)
- a padlock for locking your backpack/luggage in case you will travel and stay in hostels
- condoms

Some ideas from previous Erasmus students:

- a Spanish bullfighter costume for Belmondo's Spanish party (suggested by a Spaniard) or any other national costume you could take
